

openQA Tests - action #54794

coordination # 47435 (Resolved): [epic][functional][y] Optimize sync of the SLE repos

[functional][y][timeboxed:8h] Identify packages used from source and debug repos and sync only them

2019-07-29 14:02 - riafarov

Status:	Resolved	Start date:	2019-07-29
Priority:	Normal	Due date:	2020-06-16
Assignee:	syrianidou_sofia	% Done:	0%
Category:	Infrastructure	Estimated time:	0.00 hour
Target version:	future		
Difficulty:			

Description

See parent ticket for the motivation.

<https://gitlab.suse.de/openqa/openqa-trigger-from-ibs>

REPO_OSS_DEBUGINFO_PACKAGES java*,kernel-default-debug*,kernel-default-base-debug*,mraa-debug*
REPO_OSS_SOURCE_PACKAGES coreutils*,yast2-network*,yast2-http-server*

To confirm that we haven't missed anything, sending e-mail to qa-sle mailing list is preferable to discussion on RC.

Acceptance criteria

1. List of source and debug packages is identified using static code analysis
2. Identified list is acknowledged by other teams (especially with kernel team)

History

#1 - 2019-11-06 10:01 - riafarov

- Due date deleted (2019-11-19)
- Assignee set to riafarov

We have new solution for the sync of assets. I will discuss with tools team how to get this feature in the new solution.

#2 - 2019-11-12 09:18 - riafarov

- Due date set to 2020-04-28
- Status changed from New to Blocked

We are missing this feature in the new scripts yet, so waiting till it's available.

#3 - 2020-04-27 07:27 - riafarov

- Due date changed from 2020-04-28 to 2020-06-02
- Status changed from Blocked to New
- Assignee deleted (riafarov)

New sync mechanism is up and running, so we can improve on space usage.

#4 - 2020-05-13 09:18 - riafarov

- Subject changed from [functional][y] Identify packages used from source and debug repos and sync only them to [functional][y][timeboxed:8h] Identify packages used from source and debug repos and sync only them
- Description updated
- Status changed from New to Workable

#5 - 2020-05-20 09:13 - riafarov

- Due date changed from 2020-06-02 to 2020-06-16

#6 - 2020-06-01 13:36 - syrianidou_sofia

- Status changed from *Workable* to *In Progress*

- Assignee set to *syrianidou_sofia*

#7 - 2020-06-09 13:55 - syrianidou_sofia

Packages found :

- kernel-default-base-debuginfo
- kernel-default-debuginfo
- coreutils
- selinux
- yast2-network
- yast2-http-server
- java

I sent an e-mail for verification to qa-sle mail list but didn't get any response.

#8 - 2020-06-09 14:04 - syrianidou_sofia

- Status changed from *In Progress* to *Feedback*
