

openQA Tests - action #57584

[qam] test fails in evolution_setup_servers - dovecot not installable

2019-10-01 11:52 - tjyrinki_suse

Status: Resolved	Start date: 2019-09-24
Priority: Urgent	Due date: 2019-10-18
Assignee:	% Done: 100%
Category: Bugs in existing tests	Estimated time: 0.00 hour
Target version:	
Difficulty:	
Description After https://progress.opensuse.org/issues/56273 got fixed, the evolution_setup_servers is now failing, a rerun done first at https://openqa.suse.de/tests/3397700 and a newer one at https://openqa.suse.de/tests/3424806 "No provider of 'dovecot' found." at https://openqa.suse.de/tests/3397700#step/evolution_prepare_servers/18 qam-regression-message is currently disabled, https://progress.opensuse.org/issues/57260 is about re-enabling it once the issues are all fixed.

Optimal solution is to use Support Server to configure dovecot.

For more info, contact Marcelo Martins.

#3 - 2019-10-15 11:11 - coolo

- Has duplicate action #58016: [qam] test fails in evolution_prepare_servers - No provider of 'dovecot' found added

#4 - 2019-10-15 11:12 - coolo

Can this test be taken out for the time given? There doesn't seem to be any test behind it that relies on evolution setup:
<https://openqa.suse.de/tests/3467878#>

#5 - 2019-10-15 17:07 - coolo

- Status changed from New to Resolved

Fixed it: <https://openqa.suse.de/tests/3479894> (will also reenable qam-regression-message)
