

## openQA Project - action #58826

Result not rendered in detail view on short (e.g. <10s) test-modules, if job is still running

2019-10-29 13:52 - cfconrad

<b>Status:</b> Resolved	<b>Start date:</b> 2019-10-29
<b>Priority:</b> Low	<b>Due date:</b>
<b>Assignee:</b> tinita	<b>% Done:</b> 0%
<b>Category:</b> Concrete Bugs	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b> Current Sprint	
<b>Difficulty:</b>	
<b>Description</b> This was discovered during investigation of poo#39845.  The problem is, if a test-module run very short time, the result isn't rendered in detail view and only "None" gets displayed. Once the job finished the correct result gets displayed.  This is how it looks in "not expected" state: img  Increase the duration of once test-module to >10s (DO_NOT_FAIL=1) it looks like: img  <b>Reproduce</b>  <a href="https://github.com/cfconrad/os-autoinst-distri-opensuse/commit/b2204b65b15459654d531b1dfd6221aab296a3f7">https://github.com/cfconrad/os-autoinst-distri-opensuse/commit/b2204b65b15459654d531b1dfd6221aab296a3f7</a>  run with: CLEMIX_EXCLUDE='^(?!no_res)' CLEMIX_NO_BOOT=1

- Status changed from In Progress to Feedback

I created a PR for avoiding unnecessary schedule reloads.

<https://progress.opensuse.org/issues/58700>

It seems it also fixes the problem with short tests.

<https://github.com/os-autoinst/openQA/pull/3183>
