<b>Description</b>			
The countdown on <a href="http://www.opensuse.org">www.opensuse.org</a> links to /distributions/testing. It needs to point to distributions/leap on the release day unless <a href="https://github.com/openSUSE/software-o-o/issues/542">https://github.com/openSUSE/software-o-o/issues/542</a> gets implemented.
