Description

Observation

Previously we have selected port without hostname entry, now sort order changed, so we try to edit entry with hostname 0.0.0.0 which fails because we don't even clean-up the field.

openQA test in scenario sle-15-SP2-Online-x86_64-yast2_ncurses@64bit fails in yast2_proxy

Test suite description

Maintainer: zluo, riafarov Test for yast2 UI, ncurses only. Running on created gnome images which provides both text console for ncurses UI tests as well as the gnome environment for the GUI tests.

Reproducible

Fails since (at least) Build 72.1

Expected result

Last good: (unknown) (or more recent)

Further details

Always latest result in this scenario: latest
