Description

Observation

After a rollback, the snapshot marked as `to-be-booted` now has the description writable copy of snapshot..., which causes the grep expression to fail.

Reproducible

- In scenario `sle-15-SP2-Online-x86_64-boot_to_snapshot@64bit`
- Fails since Build `126.1`

Expected result

Last good: `122.1`

Further details

Always latest result in this scenario: `latest`

Related issues:

- Is duplicate of openQA Tests - action #62045: test fails in boot_into_snapshot

History

#1 - 2020-01-22 14:19 - maritawerner
- Priority changed from Normal to High

That testcase fails several times in osd. Could we fix that until Beta3?
