<b>Description</b>			
All the Azure-Standard tests are failing with timeout in terraform apply. <a href="https://openqa.suse.de/tests/overview?distri=sle&amp;version=15-SP2&amp;build=0.9.3-1.28&amp;groupid=219&amp;flavor=Azure-Standard">https://openqa.suse.de/tests/overview?distri=sle&amp;version=15-SP2&amp;build=0.9.3-1.28&amp;groupid=219&amp;flavor=Azure-Standard</a>			
I did some tests increasing that timeout to 1 hour and I get this message:			
<pre>azurerm_virtual_machine.openqa-vm[0]: Still creating... [40m10s elapsed] azurerm_virtual_machine.openqa-vm[0]: Still creating...
