Hi,

To whom it may concern, I'm not able to receive mails that are being sent to my opensuse mail 'jetchisel@opensuse.org' thank you very much.

"Unfortunately time is always against us"

I sent a test-mail:

<jetchisel@opensuse.org>: host mx2.suse.de[195.135.220.15] said: 550 5.1.1
<jetchisel@opensuse.org>: Recipient address rejected: User unknown in virtual alias table (in reply to RCPT TO command)

#3 - 25/01/2020 03:29 pm - jetchisel

Hi,

I was wondering how did that happen? Can my opensuse mail be reactivated again?

#4 - 25/01/2020 04:54 pm - pjessen
- Status changed from New to Feedback
- Private changed from Yes to No

Is it possible your openSUSE membership may have expired? I would check that first.

#5 - 25/01/2020 09:19 pm - jetchisel

Please do, I still have my IRC cloak in freenode and able to login in the forums.opensuse.org so I'm not sure what happened.

#6 - 26/01/2020 09:57 am - pjessen

- Status changed from Feedback to Workable
