**Description**

**Observation**

openQA test in scenario microos-15.2-MicroOS-Image-aarch64-microos@aarch64 fails in services_enabled

**Test suite description**

MicroOS 15.2 has sshd disabled by default. The test should verify it's off actually.

**Reproducible**

Fails since (at least) Build 29.10

**Expected result**

Last good: 29.7 (or more recent)

**Further details**

Always latest result in this scenario: latest

**History**

#1 - 2020-07-02 05:09 - okurz

This is an autogenerated message for openQA integration by the openqa_review script:

This bug is still referenced in a failing openQA test: container-host
https://openqa.opensuse.org/tests/1316140

To prevent further reminder comments one of the following options should be followed:

1. The test scenario is fixed by applying the bug fix to the tested product or the test is adjusted
2. The openQA job group is moved to "Released"
3. The label in the openQA scenario is removed

#2 - 2020-07-10 13:10 - inussel

https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/10682

#3 - 2020-07-25 05:06 - okurz

This is an autogenerated message for openQA integration by the openqa_review script:

This bug is still referenced in a failing openQA test: container-host
https://openqa.opensuse.org/tests/1327426

To prevent further reminder comments one of the following options should be followed:

1. The test scenario is fixed by applying the bug fix to the tested product or the test is adjusted
2. The openQA job group is moved to "Released"
3. The label in the openQA scenario is removed
#4 - 2020-07-31 15:35 - SLindoMansilla
- Subject changed from test fails in services_enabled to [functional][u] test fails in services_enabled
- Status changed from New to In Progress
- Assignee set to SLindoMansilla
- Target version set to Milestone 30

PR: https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/10765

#5 - 2020-08-04 14:08 - SLindoMansilla
- Subject changed from [functional][u] test fails in services_enabled to [opensuse] test fails in services_enabled
- Status changed from In Progress to Resolved
- Assignee changed from SLindoMansilla to lnussel

It was already resolved by overwriting the built-in defaults: https://openqa.opensuse.org/tests/1352171#step/services_enabled/5
