

openQA Tests - action #70564

[y] Add CI check to not allow characters of the kind ©

2020-08-26 11:01 - JERiveraMoya

Status:	Rejected	Start date:	2020-08-26
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Infrastructure	Estimated time:	0.00 hour
Target version:	future		
Difficulty:			
Description			
We would like to add a check to the CI to avoid characters like for example © In file headers Always use (C) instead of (©).			

History

#1 - 2020-08-26 12:07 - riafarov

- Target version changed from SLE 15 SP3 to future

Technically this is wrong statement about copyright, <https://www.compart.com/en/unicode/U+00A9> and it's not only unicode, but even utf-8, not utf-16. So I don't see any good reason to do In file headers Always use (C) instead of (©)., but validate that there no non-unicode, or even no non-utf-8 sybmols, that what we could definitely do.

file -bi %filename% can be used to validate charset.

<https://github.com/os-autoinst/os-autoinst-distri-opensuse/commit/395183a8d19e5200e2760e9f3b9c6877b60792e7> can be used to test the way we detect not allowed symbols.

#2 - 2020-08-26 12:20 - JERiveraMoya

- Subject changed from [y] Unicode is not allowed in the content of the test files to [y] Add CI check to not allow characters of the kind ©

- Description updated

#3 - 2020-08-26 12:48 - JERiveraMoya

- Status changed from New to Rejected

Rejected as the goal was just to fix to one character or the other and reduce ambiguity. So we can include it in [#70561](#).
