

## openQA Tests - action #71716

### No video uploaded when `aarch64\_cpu\_max` is used

2020-09-23 07:11 - ggardet\_arm

<b>Status:</b> Rejected	<b>Start date:</b> 2020-09-23
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Difficulty:</b>	
<b>Description</b> No video is uploaded when aarch64_cpu_max or aarch64_cpu_max-HD24G are used.  Examples: <ul style="list-style-type: none"><li>• install_only: <a href="https://openqa.opensuse.org/tests/1399282#downloads">https://openqa.opensuse.org/tests/1399282#downloads</a></li><li>• JeOS: <a href="https://openqa.opensuse.org/tests/1399698#downloads">https://openqa.opensuse.org/tests/1399698#downloads</a></li></ul>	
<b>Related issues:</b> Related to openQA Tests - action #71602: [qe-core][functional][osd] default "... <b>Workable</b> <b>2021-10-18</b>	

#### History

##### #1 - 2020-09-23 07:15 - ggardet\_arm

- Related to action #71602: [qe-core][functional][osd] default "gnome" test suite on osd has no video due to max\_job\_time above default which is only necessary in some cases added

##### #2 - 2020-09-23 07:20 - ggardet\_arm

Adding NOVIDEO=0 should get the video back.

Not sure if it really make sense to not record the video on long tests.

##### #3 - 2020-09-23 09:25 - okurz

We introduced the feature to not record videos by default if max\_job\_timeout is above default as we saw that videos took up a massive portion of space for our test results

##### #4 - 2020-09-23 09:49 - mkittler

- Category deleted (Bugs in existing tests)

- Status changed from New to Rejected

I would actually reject this ticket because the examples have an extended MAX\_JOB\_TIME and then it is expected to have no video unless NOVIDEO=0 is set. We introduced this behavior to save disk space.
