

## openQA Project - action #73567

### openQA tour does not reliably save its state

2020-10-19 12:49 - cdywan

<b>Status:</b>	Resolved	<b>Start date:</b>	2020-10-19
<b>Priority:</b>	Low	<b>Due date:</b>	
<b>Assignee:</b>	mkittler	<b>% Done:</b>	0%
<b>Category:</b>	Concrete Bugs	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	Ready		
<b>Difficulty:</b>			
<b>Description</b>			
<b>Observation</b>			
The tour doesn't go away unless when quitting on the last tour step.			
<b>Suggestions</b>			
<ul style="list-style-type: none"><li>The most recent change to the tour was made in the context of <a href="#">#58304</a> which added two new steps (<a href="https://github.com/os-autoinst/openQA/pull/3471/files">https://github.com/os-autoinst/openQA/pull/3471/files</a>).</li><li>On <a href="#">O3</a> as of this writing the new code has not been deployed yet, but a permission error can be observed on the console POST <a href="https://openqa.opensuse.org/api/v1/feature/403">https://openqa.opensuse.org/api/v1/feature/403</a></li></ul>			
<b>Workaround</b>			
Click the "Quit" button when <b>not</b> showing the last tour step.

## History

### #1 - 2020-10-19 12:50 - okurz

- Description updated
- Category set to Concrete Bugs
- Priority changed from Normal to Low
- Target version set to future

added workaround

### #2 - 2020-10-19 14:21 - mkittler

- Description updated

Clicking "Quit" does not help (unless one checks the option to dismiss the tour permanently). I suppose clicking "Quit" is actually the last regular step of the tour so I guess that button is always required to be clicked to save the state.

### #3 - 2020-10-20 09:38 - okurz

- Subject changed from openQA tour doesn't save its state to openQA tour does not save its state
- Target version changed from future to Ready

oh, ok. I could not reproduce the issue. Let's put it on the backlog as you convinced me that we poked the hornet's nest now and want the problem to be fixed :)

### #4 - 2020-10-20 12:36 - mkittler

- Assignee set to mkittler

### #5 - 2020-10-20 16:27 - mkittler

- Status changed from New to In Progress

PR: <https://github.com/os-autoinst/openQA/pull/3478>

**#6 - 2020-10-20 16:29 - mkittler**

- Subject changed from *openQA tour does not save its state* to *openQA tour does not reliably save its state*

- Description updated

**#7 - 2020-10-20 21:40 - okurz**

- Related to action #58304: *A personal activity view for developers* added

**#8 - 2020-10-22 11:20 - okurz**

- Status changed from *In Progress* to *Resolved*

PR merged. It's deployed to o3 without problems observed so far however I did not actually test the feature tour.
