History

#1 - 2021-06-01 20:15 - lkocman

- Status changed from New to Rejected

we no longer use software-o-o for this

#2 - 2021-06-01 22:15 - cboltz

- Status changed from Rejected to In Progress

This is unrelated to software-o-o ;-)

<https://counter.opensuse.org/link/> is typically used as link target, for example for the countdown banner on https://en.opensuse.org/Main_Page

I just updated the link target to Portal:15.3 (in the webserver config, via salt) - but in the future we should do this a bit ;-) earlier.

(Feel free to close the ticket again, I just wanted to make sure that you see my comment.)
