## History

**#1 - 2013-09-18 09:31 - Anonymous**

Asked Jeff if he can write a draft. Proposed a story line:

- general overview of what btrfs is
- overview of the stable features in btrfs and how they are helpful
- overview of unstable features and what their state is (coming soon/next year/2 years from now/etc) and what they bring
- something about performance, perhaps, as that's a serious issue. Benches would be awesome, but at least a very clear "this is advised, this is not".

Noted that for most if not all of the above, giving me a rough draft with mostly links where I can find the info is fine, I'll be happy to do the writing work as long as he reviews it ;-)

*- Target version changed from 13.1 GA to 13.1 RC2*

**#4 - 2013-10-09 08:12 - toscalix**

*- Status changed from New to In Progress*

*- Priority changed from Normal to High*

Jos, I would like to speed up this task. Is it possible to publish it before RC2 ?

**#5 - 2013-10-09 12:50 - Anonymous**

I will ask Jeff.

**#6 - 2013-10-15 08:22 - Anonymous**

Pinged Jeff again yesterday, he said he's busy but will work on it.

**#7 - 2013-10-25 13:15 - Anonymous**

Pinged Jeff again. Told him next week is really a deadline, otherwise this won't work out...

**#8 - 2013-10-25 14:36 - lnussel**

*- Target version changed from 13.1 RC2 to 13.1 GA*

**#10 - 2013-10-30 12:09 - toscalix**

Jeff pinged Jos.

**#11 - 2013-11-04 13:32 - Anonymous**

*- Status changed from In Progress to Rejected*

*- Assignee changed from toscalix to Anonymous*

*- Target version changed from 13.1 GA to 13.1 RC2*

He said he was busy and had not had any time to do anything on this. I mailed today that with the press kit deadline Friday and SUSECon trip starting monday after, there's no more time for me to help him even if he manages to get something to me.

**#12 - 2013-11-05 14:57 - toscalix**

*- Status changed from Rejected to Resolved*

Unless he writes something that needs no editing, we will publish what it comes after the Release. Add Stefan as watcher so he gets notifications in case we re-open the task (when we receive the content).

**#13 - 2013-11-16 21:00 - toscalix**

*- % Done changed from 0 to 100*

**#14 - 2013-11-16 21:01 - toscalix**

*- Due date changed from 2013-11-05 to 2013-11-29*

*- Status changed from Resolved to In Progress*

*- Target version changed from 13.1 RC2 to 13.1 Post*

*- % Done changed from 100 to 20*

Jan will write it instead. Talked to him (and Jos) at SUSECon

**#15 - 2013-12-05 08:23 - lnussel**

What's the deadline for this?

**#16 - 2013-12-16 14:20 - Anonymous**

*- Status changed from In Progress to Rejected*

Still no input anymore. If we get something, we'll publish it - but this is simply not related to 13.1 anymore so let's close the task.

**#17 - 2013-12-16 14:21 - sbehlert**

I cannot read my email until 2014-01-07. In urgent cases please contact for:

- SLES, business: Matthias Eckermann
    - SLES general/technical: Anja Stock  or Thorsten Kukuk  .
