

openSUSE admin - tickets #88508

please create publishing directories for Leap 15.3 for armv7hl

2021-02-09 14:37 - dirkmueller

Status:	Resolved	Start date:	2021-02-09
Priority:	Normal	Due date:	
Assignee:	pjessen	% Done:	100%
Category:	Mirrors	Estimated time:	0.00 hour
Target version:			
Description			
Hi,			
we need the following mkdir's on the various download staging servers so that OBS can publish there:			
mkdir on download.opensuse.org/ports/armv7hl/distribution/leap/15.3/repo/oss/			
mkdir on download.opensuse.org/ports/armv7hl/distribution/leap/15.3/appliances/			
mkdir on download.opensuse.org/ports/armv7hl/distribution/leap/15.3/appliances/iso/			
mkdir on ports/debug/update/leap/15.3/oss/			

History

#1 - 2021-02-09 15:57 - pjessen

- Category set to Mirrors
- Status changed from New to Feedback
