History

#1 - 2021-03-29 12:39 - okurz

- Assignee set to jbaier_cz

may I assume that *you* are the assignee working on this?

#2 - 2021-03-30 04:14 - openqa_review

- Due date set to 2021-04-13

Setting due date based on mean cycle time of SUSE QE Tools

#3 - 2021-04-08 10:33 - jbaier_cz

- % Done changed from 0 to 80

Data about coverage fetched in [poo#88485](#) should be somehow presented inside the testing template. We can distinguish two different cases for missing coverage:

1. A whole test suite is missing
2. One or more test modules are missing inside a completed test suite

Proposed presentation format

The following will be added inside regression tests summary.

Missing test suite

```
regression tests:
```

```
-----  
WARNING: One or more test suites are missing compared to last runs with these source rpms.  
Please, check openQA manually. Missing test suites are:
```

- ```
- Maintenance: SLE 15 SP2 Incidents -> qam-allpatterns / x86_64
sle-15-SP2-Desktop-DVD-Incidents-x86_64-Build:17989:gzip-qam-allpatterns@64bit
```

#### Missing test module

```
regression tests:
```

```

WARNING: There is a difference inside one or more test suites compared to last runs.
Please, check openQA manually. Missing test modules are:
```

- ```
- x11/reboot_gnome  
Maintenance: SLE 15 SP2 Incidents -> qam-allpatterns / x86_64
```

#4 - 2021-04-09 10:29 - jbaier_cz

- Status changed from *In Progress* to *Resolved*
- % Done changed from 80 to 100

Feature implemented in https://gitlab.suse.de/qa-maintenance/templates-management/-/merge_requests/55

#5 - 2021-04-09 10:36 - jbaier_cz

- Related to action #90914: [teregen] Add overview for stored coverage data added

#6 - 2021-04-09 10:36 - jbaier_cz

- Subject changed from *Integrate coverage information in a presentable way into test template* to [teregen] *Integrate coverage information in a presentable way into test template*

#7 - 2021-05-17 09:19 - okurz

- Due date deleted (2021-04-13)

#8 - 2021-06-10 18:21 - jbaier_cz

- Related to action #93799: *teregen: Improvement of usability of disabled testcases notification added*
