<b>Description</b>			
Time to get that feature page finished. Remember, try to talk at least about the packages from <a href="http://distrowatch.com/table.php?distribution=suse!!">http://distrowatch.com/table.php?distribution=suse!!</a>			
Also, integrate the screenshots. They should be created by now but more are always welcome as you'll note while trying to make the feature page pretty.			
Note that the major features need to be on this page by the time you start working on the announcement, which is also during this time!
