| Target version: QE-Core: Ready | |
| Difficulty: | |
| Description | |
| <p>After comparing test coverage of SLE 15 SP2 and SP3 in opneQA I identified several tests that are exclusive to either pre-release or post-release testing and could be easily used to increase our coverage just by using what we already have.</p> <p>It is possible that are some errors and some of the tests from the list are already being used. It is also just my opinion, therefor review from other colleagues is more then welcome.</p> <p>These are the console tests that run only after release and could be used also before the release (QEM -> product QE)</p> <p>tests/console/bind.pm tests/console/dracut_enhanced.pm tests/console/gd.pm tests/console/iotop.pm tests/console/journalctlLevels.pm tests/console/krb5.pm tests/console/libgcrpt.pm tests/console/libssh.pm tests/console/openssl_nodejs.pm tests/console/perf.pm tests/console/rsync_client.pm tests/console/rsync_server.pm tests/console/systemd_rpm_macros.pm tests/console/valgrind.pm</p> | |

| action # 92939: [qe-core] Add misc console tests from QAM to sles 15 functional | Resolved |

History

#1 - 2021-04-15 06:18 - tjyrinki_suse

- Tracker changed from coordination to action

#2 - 2021-04-15 07:06 - tjyrinki_suse

- Description updated

#3 - 2021-04-28 09:05 - tjyrinki_suse

- Category set to New test

- Status changed from New to Workable

#4 - 2021-05-17 07:42 - zluo

- Assignee set to zluo

check and create sub-tickets at first.

#5 - 2021-05-31 17:51 - zluo

- Status changed from Workable to In Progress

<http://10.160.64.152/tests/2688> shows that other test modules are not possible to pass the test for sles 15 functional. These tests are quite different and require source repos or Maintenance repos or runs on sles 12. Therefore I won't try further for adding to sles 15 functional. With above 2 sub tickets should be okay for now.

#6 - 2021-06-10 09:44 - zluo

- *Status changed from In Progress to Feedback*

Set is as feedback, waiting for resolved status of 2 sub tickets.

#7 - 2021-09-06 09:35 - zluo

- *Status changed from Feedback to Resolved*

sub tickets got resolved, so set it as resolved then.

#8 - 2021-09-08 08:31 - szarate

- *Target version set to QE-Core: Ready*
