Target version:	SLE 15 SP3		

Description

y2_module_guitest should include post fail hook, as for ncurses we have y2_module_consoletest.

Ensure the structure is correct in

https://github.com/os-autoinst/os-autoinst-distri-opensuse/blob/master/tests/x11/network/yast2_network_use_nm.pm#L17

##Task:

1. Use 'y2_module_guitest' as a parent of the module;
2. Do not use 'x11test' as parent;
3. Use post_fail_hook from new parent 'y2_module_guitest'
4. Ensure the test is passing with the changes.
