Target version:	SLE 15 SP3		
Description			
<p>Currently, we are trying to replace the old partitioning_filesystem module with guided_setup. There are some opensuse tests that use the old partitioning and don't have a schedule. The scope of this ticket is to search which are these tests and create schedule for them. There are some tests that use partitioning_filesystem, but do not concern yast team.</p> <p>Tumbleweed: https://openqa.opensuse.org/tests/overview?arch=&machine=&modules=partitioning_filesystem&distri=microos&distri=opensuse&version=Tumbleweed&build=20210606&groupid=1#</p> <p>Leap: https://openqa.opensuse.org/tests/overview?arch=&machine=&modules=partitioning_filesystem&distri=opensuse&version=15.3&build=160.3&groupid=50#</p> <p>Also check other products (like Tumbleweed Aarch64) if there are more tests.</p> <p>This tool can be helpful: https://github.com/os-autoinst/os-autoinst-distri-opensuse/tree/master/script/yaml_generator</p>

- Status changed from Workable to In Progress

#8 - 2021-06-17 12:42 - JRivrain

Note: not taking into account test suites that belong to other groups, or that no longer run.

Test suites using partitioning_filesystem in TW, and action done for each of them (will be completed as per progression):

btrfs_textmode:

Status: completed, uses the same yaml as "btrfs".

Added "YAML_SCHEDULE: schedule/yast/btrfs/btrfs_opensuse.yaml" in job group.

VR: <http://waaa-amazing.suse.cz/tests/15533#>

ext3_textmode

Status: Completed, added "YAML_SCHEDULE: schedule/yast/ext3/ext3_textmode-opensuse.yaml" in job group.

VR:

<http://waaa-amazing.suse.cz/tests/15546>

<https://openqa.opensuse.org/tests/1804413>

ext4_textmode

Status: Completed, added "YAML_SCHEDULE: schedule/yast/ext4/ex4_textmode-opensuse.yaml" to job group.

VR:

<http://waaa-amazing.suse.cz/tests/15545>

<https://openqa.opensuse.org/tests/1804420>

xfs_textmode

Status: Completed, added "YAML_SCHEDULE: schedule/yast/xfs/xfs_textmode-opensuse.yaml" to job group.

VR:

<http://waaa-amazing.suse.cz/tests/15549>

<https://openqa.opensuse.org/tests/1804428>

Test suites using partitioning_filesystem in Leap group

btrfs+warnings

Job already done <https://github.com/os-autoinst/os-autoinst-distrib-opensuse/pull/12656>

ext4, xfs

Job already done:

commit b6e55b8ee2bc8f9583e5a1a1cefde7ab1e085710 Author: Joaquin Rivera jeriveramoya@suse.com Date: 31/03/2021 09:50 Modify schedules for guided setup with REST API

Test suites using partitioning_filesystem in group Tumbleweed aarch64:

ext4

Status: completed, added "YAML_SCHEDULE: schedule/yast/ext4/ext4_opensuse.yaml" to job group

VR: <https://openqa.opensuse.org/tests/1792555>

passed on prod

Test suites using partitioning_filesystem in group Tumbleweed powerpc:

ext4_textmode

Status: Completed, added "YAML_SCHEDULE: schedule/yast/ext4/ex4_textmode-opensuse.yaml" to job group.

VR:

<https://openqa.opensuse.org/tests/1804431>

#9 - 2021-06-17 15:42 - JRivrain

- Related to action #92479: Apply guided setup using libyui REST API to remaining scenarios added

#10 - 2021-06-24 15:06 - JRivrain

- Status changed from In Progress to Feedback

#11 - 2021-07-01 08:07 - JERiveraMoya

- Status changed from Feedback to Closed
