- Estimated time set to 8.00 h

##### #5 - 2021-06-22 09:25 - hjluc

- % Done changed from 0 to 10

./hj-tools/hj-branch.sh -b fwall -j 5991265 -s "\_GROUP=0"  
<https://openqa.nue.suse.com/t6312188>

##### #6 - 2021-06-23 05:48 - hjluc

sle11sp4 regcode is not working now. wait for scc team to provide a new one.

##### #7 - 2021-06-24 06:22 - hjluc

- Status changed from New to Rejected

- % Done changed from 10 to 100

After discussing with gaowei, we decided to reject this ticket.

the reason is as follow:

OpenQA script only has an issue for 11sp4->15sp3, BUT since 11sp4 will out of lifecycle in the next project, so we do not need to take any action now. This scenario(11sp4->15spx) will not running on OpenQA for next project {SLES15SP4}.
