Target version:			
Difficulty:			
Description			
[sle][security][sle15sp4][CC] Make a updated chart to list Netfilebt test cases testing status			

History

#1 - 2021-07-27 05:26 - bchou

- Category set to Bugs in existing tests

- % Done changed from 0 to 50

- Estimated time set to 32.00 h

The latest result is recorded can be referenced.

<https://confluence.suse.com/display/qasleapac1/SecurityQE++CC+testing+collections>

#2 - 2021-07-27 05:39 - bchou

Updated. The test result is better than baseline in gitlab.

Error cases can be resolved if we try to run the test case by case instead of running whole cases at the same time. The test server is disconnected in different cases and needs to do recovery manually.

PASS: 10

FAIL: 19

ERROR: 12

TOTAL: 41

#3 - 2021-10-06 08:14 - bchou

- Status changed from New to Resolved

- % Done changed from 50 to 100

All the result has been refined and passed running in openQA.

Better than baseline.

```
PASS:39
FAIL:2
ERROR:0
TOTAL:41
```
