Test for yast2 UI, GUI only. Running on created gnome images which provides both text console for ncurses UI tests as well as the gnome environment for the GUI tests.
Temporarily added YAST2_GUI_TERMINATE_PREVIOUS_INSTANCES to see if helps. This variable triggers code which terminates all yast2 processes before starting new one. (see poo#26104).

We might not have it in the past.

- Status changed from New to Rejected

We can consider in future to add it, but not even in SLE this test suite is in maintenance because our focus is on the installation.
