

openQA Tests - action #95926

action # 95905 (Resolved): [qe-core][sporadic] test fails in 1_openssh - Wipe mau-qa_userspace_openssh

[qe-core] Investigate if mau-qa_userspace_openssh coverage can be justified to keep the testsuite scheduled

2021-07-23 12:44 - geor

Status:	Resolved	Start date:	2021-07-23
Priority:	Normal	Due date:	
Assignee:	geor	% Done:	100%
Category:	Enhancement to existing tests	Estimated time:	0.00 hour
Target version:	QE-Core: Ready		
Difficulty:			

Description

We need to investigate whether mau-qa_userspace_openssh covers any functional test cases that are not covered by the other ssh tests currently scheduled (eg sshd).

If not, mau-qa_userspace_openssh should be unscheduled (and most probably completely remove it from the os-autoinst-distri-opensuse repo, if no other squad depends on it, as it looks to be the case)
