#3 - 2021-08-04 10:14 - okurz

- Priority changed from Normal to Urgent

Seeing this in couple of tests e.g. <https://openqa.suse.de/tests/6640016> and <https://openqa.suse.de/tests/6623775>. As it's sporadic I consider it "urgent" as label carry over does not work. Consider <https://github.com/os-autoinst/scripts/blob/master/README.md#auto-review---automatically-detect-known-issues-in-openqa-jobs-label-openqa-jobs-w-ith-ticket-references-and-optional-retrigger> to address urgency

#4 - 2021-08-16 12:42 - okurz

Proposing removing the test module for now from mau-extratests2 in <https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/13072> to address the urgency

#5 - 2021-08-16 13:39 - geor

- Parent task set to #96980

#6 - 2021-08-16 13:40 - geor

- Subject changed from [qe-core][sporadic] test fails in samba_adcli to [qe-core][sporadic] test fails in samba_adcli (fails on ssh to domain)

#7 - 2021-09-01 07:28 - okurz

- Priority changed from Urgent to Normal

Discussed in weekly QE sync together. This ticket showed up violating the SLO for urgent tickets. We agreed that the ticket is actually not urgent according to these criteria. See <https://progress.opensuse.org/projects/openqatests/wiki#SLOs-service-level-objectives> for details

#8 - 2021-09-09 12:39 - tjrinki_suse

- Status changed from New to Workable

- Start date deleted (2021-08-03)

#9 - 2021-12-09 13:42 - tjrinki_suse

- Target version set to QE-Core: Ready

Would be nice to work on samba_ad issues (or at least find out which tasks are relevant at the moment) for the next sprint.

#10 - 2022-02-09 09:50 - tjrinki_suse

- Priority changed from Normal to High

#11 - 2022-02-09 09:56 - tjrinki_suse

- Target version deleted (QE-Core: Ready)

#12 - 2022-02-09 14:10 - tjrinki_suse

- Priority changed from High to Normal
