#### Description

After merging <https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/13087> workaround for maintenance tests failures, the SP4 tests fail as the module is not trying to enable yast-development pattern, as it should. We need to modify the workaround so that no tests fail. What the workaround does is to go at the end of the list of patterns and then at the start again. The workaround must remain inside the loop because otherwise it doesn't take any effect.

#### Observation

openQA test in scenario sle-15-SP4-Online-x86\_64-select\_modules\_and\_patterns@64bit fails in [select\\_patterns](#)

#### Test suite description

Maintainer: qe-sle-yast

Perform an installation enabling some modules.  
This test suite always registers to have access to some modules.

#### Reproducible

Fails since (at least) Build [29.1](#)

#### Expected result

Last good: [26.1](#) (or more recent)

#### Further details

Always latest result in this scenario: [latest](#)

#### History

##### #1 - 2021-08-31 10:32 - syrianidou\_sofia

- Project changed from openQA Tests to qe-yast
- Category deleted (Bugs in existing tests)
- Target version set to Current

##### #2 - 2021-08-31 12:02 - JERiveraMoya

- Subject changed from test fails in select\_patterns to Rewrite workaround for scrolling for bsc#1189550
- Status changed from New to Feedback
- Assignee set to JERiveraMoya

PR: <https://github.com/os-autoinst/os-autoinst-distri-opensuse/pull/13155>

##### #3 - 2021-09-15 10:46 - JERiveraMoya

- Status changed from Feedback to Closed
